Train the Future Trainer

It's your chance to earn the respect of your peers and use your own fullest potential!

Overview

The current pace of change in the workplace has brought about a great demand for learning. With this comes a demand for training that is geared to the employees' needs and is creative and enjoyable. The job of a trainer is more vital and challenging than ever. The trainer who can effectively pass on knowledge and skills is highly valued by the organization.

You will leave the course with a deeper understanding of the learning process, greater confidence and scores of tips for making the training effective and fun.

Learning Outcomes

- Recognise why and how people learn differently
- Manage individual learners and groups effectively
- Design cutting-edge training materials
- Deliver a successful, learner-centred course
- Maximise your strengths and minimise weaknesses as a trainer
- Create a world-class training room and environment conducive to learning

Designed For

- FLOW young associates
- Entry level young professionals (18-28 years)
- Students who want to become trainer!

Program Fee

- PKR 14,990, includes lunches, refreshments, stationery and flow certificate
